

Message from the board

Dear members,

The year has started a while ago and we hope you are all doing well.

There are a lot of activities planned for our members. The activities are meant to get to know each other and learn what an engineer will do in the workfield. We will go out for a couple of drinks together, we will go bowling and visit a couple of companies.

There will also be an international trip with the association to München.

For our active members there is even more: a committee competition, and extra activity and an active member weekend.

Soon they can even expect SVTapp sweater.

One of our main priorities this year is internationalising. To achieve this we will translate our website to English and some of the activities and company visits will be in English.

There is even an internationalising committee to organise an English event, this way we hope to reach more internationals to the association.

If you have any questions or remarks you can let us know by emailing secretaris@svtapp.nl or come visit us at the office. The office is at ZP.11-D1.61.

Kind regards,

The board of SVTapp,

Peter van Tol

Chairman '21-'22

Network drink YER

2 weeks ago we went to De Stokerij together with our partner YER to get to know each other.

The drink was very successful and we had a lot of fun. We hope to continue with this partner. Do you want to be at the next network drink? Make sure to check our Instagram page or our website and hopefully we will see you there!

Jeu de boules

Dear tappers,

A new activity is planned on the 19th of November. We will play jeu de boules at BOEL, Nieuwe Ebbingestraat 163, in Groningen. You can join for only €9,75! First three consumptions will be free. You can sign up on our website.

Don't hesitate and sign up now because places are limited. You will need a valid QR-code to join.

We will start at 15:00 and the event will last until 17:00.

We hope to see you all there!

Tapp is looking for active members!

Like previous years, Tapp needs active members to be able to organize activities. How can you help you may ask? Well for example there is the introduction committee. The introduction committee organizes all activities for the introduction week this year.

Some of the advantages that come with becoming an active member:

- You get to know your fellow students in a different way.
- You expand your CV.
- You get access to exclusive evenings & weekends!
- You get the chance to go to the introduction week, again!

Do you have any questions or are you completely sold? Send an email to intern@svtapp.nl
