January 2021

Happy new year!

We want to wish all our members a happy new year! We hope all of you had a nice new years eve and are looking forward to the new year. We are very excited for the new year and we will make sure it will be a good one!

STT company visit

STT showed us around at their company last month during our first online company visit.

Nathalie told us what STT stands for and how they work as a business.

STT is a company mostly focussed on building specialty machinery. Although they also function as a regular engineering firm.

A Mechanical Engineer, who studied Werktuigbouwkunde at the Hanze University of Applied Sciences as well, told us some things about his function within the company and all that has to do with his function there.

Are you interested in what you can be as a Mechanical Engineer, though are not looking for a serious job yet? Then we have got two interesting “company visits” in store for you this month!

TopDutch and HARD

How can you further develop yourself as a Mechanical Engineer, apart from your education? There are all kinds of options for students where you can go, to improve on your knowledge, put what you learn into practice and get to know new people with the same ambitions as you. Are you curious about what options there are for you to have a look at? S.V. Tapp has organized two online excursions on the 26th of January, together with TopDutch Solar Racing and the Hanze Racing Division! So enroll at the website, see you there!

Kahoot quiz

Thanks to our activities committee we had a nice Kahoot quiz on the 23rd of December. There were four categories with nice prizes to be won with each of them.

Committee competition

Tonight the committee competition '21-'22 will start! We will kick it off with a pubquiz so make sure you and your committee answer all the questions correct and start the competition with a head-start. At the end of the year the committee with the most points will receive an amazing prize! So make sure to complete as many of the competition points as possible!

Game evenings

Since we can't organise physical activities but still want to keep in touch with our members we are organizing game evenings, so we can still see each other. During these evenings committee competition points can be earned as well, so make sure to join. Keep an eye out on our socials to make sure to know when the first one will take place.

Calendar

26-01-2022

**Kick off
committee competition**
12-01-2022

Social media

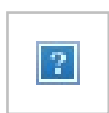

In addition to the monthly newsletter, you can also easily stay informed of new activities via our social media! If you are not following us yet, you can click on the icon of the social platform on which you would like to follow us at the bottom of this newsletter.

WhatsTapp

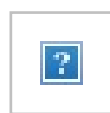

Are you looking for a way to easily get in touch with your fellow students? Then Tapp has a WhatsApp group for you! This group is available to all members of the study association and we can answer all your questions about the study program. Events organized by the study association will also be promoted. Do you want to join this too? Then click on the WhatsApp logo, via this link you can join the group!
