November 2022

Pool and darts

On October 27 we had our first activity, we went to play pool and darts at All Round. The winner got a nice Tapp trophy! While enjoying a nice beer and socializing everyone had a great time!

Grilled cheese sandwich hour

Every Monday of the month, at noon sharp, the grilled cheese sandwich siren rings specially for Tapp! On Monday November seventh, all Tappers got to eat a sandwich at our office! Quite a few people stopped by for a delicious sandwich! We hope to see you again at the next tostime, which will be on Monday, December fifth.

Commitee training Yer

On Tuesday 8 November, we organised a committee training together with Yer for all active members. With a pizza, Yer gave a committee training. After the committee training, we had a drink with a cold beer and a game of beer pong!

Company visit Qsil

The first company visit of the year is coming up! On Thursday November 17th, Qsil Winschoten welcomes us to take a look inside their company. We will look around the production halls and get a behind-the-scenes look at what a mechanical engineer does within the company.

Qsil specialises in the production of quartz and special glass, these glasses are used for: water purification, automotive signalling, medical applications and various lighting applications, among others.

Are you curious about this company? Then register quickly via our site! Registrations close on 11 November.

Engineer drink

It's time for our third drink this year, this time the theme will be: Engineer! Put on your best outfit with what you can show best that you're an engineer! The drink is november 22nd at De Brouwerij! We will start at 21.00, but be there in time, the first 100 beers are for free!

Engineering the future

On November 29, The Institute of Engineering, together with study associations SV Scopus and SV Tapp, organizes Engineering the Future - thé event where young Engineering professionals orientate themselves on their future. The programme consists of a business fair and various workshops.

The business fair gives students and companies the opportunity to discuss vacancies, internships, graduate positions and career prospects. 40+ companies are present during the business market and many young professionals from Engineering's Dutch bachelor's programmes, Mechanical Engineering and Electrical and Electronical Engineering courses come to orientate themselves on their future. Students of the masters Energy for Society, European Master in Renewable Energy, European Master in Sustainable Energy System Management and Smart Systems Engineering are also present. In addition, students must sign up for the business fair and for the workshops.

In addition to the business fair, you can participate in workshops organized by various companies.
